**Department of Process Control and Computer Techniques, Faculty of Chemical Technology, University of Pardubice**  
**Slovak Society for Cybernetics and Informatics, National Member Organisation of IFAC**  
**Slovak Society of Industrial Chemistry, Section at FCHPT STU Bratislava**

**The aim of the conference is to exchange the recent advances and experience in the various areas of Control Theory between the researchers from industry, research institutes, project organisations, academies of sciences, and universities.**

**The program of the conference will be focused on all aspects of Control and Systems, and ranges from fundamental research to applications in process control. Topics of interest include linear and non-linear control, optimisation, robust, adaptive and intelligent control, identification, modelling and simulations, real-time systems, new trends in application of industrial computer control, and education of qualified experts**
